# A day in the life of our special adults

Every day in the community is well-balanced and created with the best interests and holistic development of our special adults in mind.

## The daily routine includes:

### **Personal hygiene and grooming**

The day begins with a personal grooming ritual of brushing, bathing and cleaning. Assistance will be provided as and when required.

### **Community care**

Everyone works together to ensure the welfare of our special adults. There's housekeeping, laundry, gardening and a cafeteria where our adults will be guided to work and make a positive impact.

### **Ample family time**

The proximity ensures adequate family time through the day, during meals etc.

### **Movement & exercise**

A daily routine that includes plenty of time in nature, walking, cycling, swimming etc.

### **Nutritious meals**

Our special adults get nutritious vegetarian meals at the cafeteria every day: morning tea, breakfast, lunch, evening tea and dinner.

# Work, learn and interact at your own pace

## **Meaningful work and skill development**

Data entry, manufacturing of edible products & eco-friendly products, job work, products for online sale and art and craft activities to enrich learning and promote growth.

## **Space for solitude**

Our special adults get ample personal space to unwind, relax and enjoy their own company.

## **Community events & get-togethers**

Festive celebrations, weekend gatherings & movies at the community hall, short trips to nearby tourist spots and visits to the Sri Shankara Colony will make the living experience more meaningful.

## **Recreational activities**

Special adults will be encouraged to connect with family members and others through video phone calls, games and stress-free interaction.

# About **Together** Foundation

---

Together Foundation was founded in 2015. It is a registered public charitable trust that strives to create a better world for people with autism.

Together Foundation was co-founded by Chakrapani and Sangeetha; parents of two adults with autism. The trustees of the organisation include medical and allied professionals in the field of disabilities.

Together Foundation runs a sheltered workshop for adults with autism and other intellectual disabilities in Mumbai. The workshop offers training in data entry for financial institutions, paper plate manufacturing, paper bag manufacturing, hand embroidering, job work and shop management.

Together Foundation has now partnered with Vedaanta Senior Living to establish The Together Community: a community for people with autism, their friends and families in Hosur, near Bangalore.

# The together story

---

**Krishna, Lakshmi, Jayanthi and Jayashree.  
Three sisters and a brother.**

We have created together, a brand that invites everyone to dissolve boundaries between gifted children and not-gifted children, special children and not-so-special children, children who speak and children who communicate without speaking, children of one god and children of lesser gods.

“We don’t see things as they are, we see them as we are” said a famous author.

So come. Meet us. Join us. See us as we are.
